COMMENTS ON NOTICE OF ALLOWABILITY ETC.

Sir:

In regard to the Notice of Allowance and related papers mailed on December 18, 2003, in the instant application, the following is pointed out solely for completeness of the record as the possible correction of an obvious oversight in attempt to ensure that the patent is issued with the correct inventorship information.

Serial No. 10/030,187

Following an election in response to a restriction requirement, the inventorship was amended to delete the names of persons originally named as inventors, but who are not inventors of the invention now being claimed. Nevertheless, it is noted that the Notice of Allowance, Notice of Allowability and the related papers continue to indicate John Walter Liebeschuetz as the first named inventor and do not reflect the amended inventorship.

Accordingly, this apparent oversight is pointed out so that the patent will be issued with the amended inventorship.

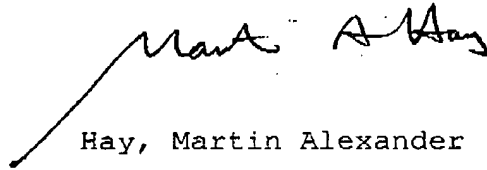

The sole inventor is Michael Robert Wiley. His address has recently changed, and is now:

1471 Hunters Glen
Zionsville
Indiana 46077
USA

Finally, in the Notice of Allowability, the Examiner has commented that the foreign priority documents have not been received by the Office. The undersigned has contacted both WIPO and the International Section at the Office and has been assured that the priority documents have now been received.

Serial No. 10/030,187

Respectfully submitted,
